MORNING MEETING ACTION ITEMS

TO: ADD/P

ADD/P reported that there are indications from four Latin American countries that extremists intend to utilize 8 October, the anniversary of Che Guevara's death, to launch attacks on Peace Corps and other American personnel. The Director concurred in the ADD/P's suggestion that the latter meet with Jack Vaughn to advise him of the situation.

ADD/P provided a copy of the issue of Problems of Communism which provoked a complaint by Ambassador Dobrynin to Secretary Rusk. The Director asked the ADD/P to prepare a note to [] for the Director's signature commenting favorably on the publication and its general usefulness.
